

Steca PA RC100

Programming unit

The programming unit Steca PA RC100 allows to program Steca solar charge controllers. The values can be adjusted with the help of switches. After a restart of the charge controller the new settings can be activated by pressing the program-button on the Steca PA RC100. An LED will transfer the values to the controller.

Product features

- Low weight
- Simple use
- Maintenance-free
- Low own consumption
- Best reliability

PA RC100	
Characterisation of the operating performance	
Supply voltage	3 V (2 x 1.5 V AAA / R03 batteries)
Adjustable parameters	type of battery: gel / liquid, night-light function, end of charge voltages (float / boost / equal), deep discharge protection (LVD), LVD factor, switch-on threshold
Suitable for the following Steca charge controllers	Solsum F, Solarix PRS, Solarix MPPT 1010/2010, Solsum 2525/4040
Fitting and construction	
Dimensions (X x Y x Z)	115 x 57 x 20 mm
Weight	90 g
